2. An anonymous vote conducted through the designated electronic means shall be deemed a ballot vote, fulfilling any requirement in the bylaws or rules that a vote be conducted by ballot.

B. Rules for Meeting via Electronic Means

1. Login Information.

The membership of the particular group to be meeting (District, Board, Committees, etc.), shall be sent, at least 24 hours before the meeting, the time of the meeting, the URL and codes necessary to connect via electronic means, and, as an alternative and backup to the audio connection included within the electronic means, the phone number and access code(s) the member needs to participate aurally by telephone. A copy of, or a link to, these rules must be included. For committee meetings the committee chair shall facilitate the call to the meeting and provide the login information.

2. Login Time.

3. The meeting presider or designee shall schedule electronic means availability to begin at least 15 minutes before the start of each meeting.

3. Sign in/Sign out.

Members shall identify themselves as required to sign in via the electronic means, and shall maintain access throughout the meeting whenever present, shall mute their microphone when not speaking and shall sign out upon any departure before adjournment.

4. Quorum.

The presence of a quorum shall be established by audible roll call at the beginning of the meeting. In the event of a virtual District Organizational meeting or other meeting where an election is to take place, the presence of credentialed delegates verified at the time of login as provided via electronic means may be used to determine the presence of a quorum. Thereafter, the continued presence of a quorum shall be determined by the online list of participating members, unless any member demands a quorum count by audible roll call. Such a demand may be made following any vote for which the announced totals add to less than a quorum.

5. Technical Requirements and Malfunctions.

Each member is responsible for his connections; no action shall be invalidated on the grounds that the loss of, or poor quality of, a member's individual connection prevented participation in the meeting.

6. Forced Disconnections.

The chair may cause or direct the disconnection or muting of a member's connection if it is causing undue interference with the meeting. The chair's decision to do so, which is subject to an undebatable appeal that can be made by any member, shall be announced during the meeting and recorded in the minutes.

7. Assignment of the Floor.

To seek recognition by the chair, a member shall signal the chair using the designated feature appropriate via the electronic means being used. Upon assigning the floor to a member, the chair will signal the facilitator to clear the online queue of members who had been seeking recognition. To claim preference in recognition, another member who had been seeking recognition may promptly seek recognition again, and the chair shall recognize the member for the limited purpose of determining whether that member is entitled to preference in recognition.

8. Interrupting A Member.

A member who intends to make a motion or request that under the rules may interrupt a speaker shall use the designated feature for recognition and shall thereafter wait a reasonable time for the chair's instructions before attempting to interrupt the speaker by voice.

9. Motions Submitted In Writing.

A member intending to make a main motion, to offer an amendment, or to propose instructions to a committee, shall, before or after being recognized, post the motion in writing to the online area designated by the presider or designee for this purpose, preceded by the member's name and a number corresponding to how many written motions the member has so far posted during the meeting (e.g., Mary M #1, Mary M #2).

10. Motions.

The Secretary or meeting facilitator shall designate an online area exclusively for the display of the immediately pending question and other relevant pending questions (such as the main motion, or the pertinent part of the main motion, when an amendment to it is immediately pending); and, to the extent feasible, the presider or designee shall cause such questions, or any other documents that are currently before the meeting for action or information, to be displayed therein until disposed of.

11. Voting

- a. Permissible methods of voting include electronic roll call, and audible roll call. Anonymous votes shall be taken by the anonymous voting feature of the electronic meeting service, unless a different method is ordered by the Board or required by the rules.
- b. If proxies are allowed, members casting votes by proxy may be required to login in separately for each proxy vote to be cast, or communicate the vote of each proxy in a manner specified by the credential chair of the meeting.
- c. The chair's announcement of the voting result shall include the number of members voting in person (and by proxy, if proxies are allowed) on each side of the question and the number, if any, who explicitly respond to acknowledge their presence without casting a vote. Business may also be conducted by unanimous consent.

12. Video Display.

If the number of participants is too large for all to be displayed simultaneously, the presider or designee shall cause a video of the presider to be displayed throughout the meeting, and shall also cause display of the video of the member currently recognized to speak or report.

E. Voting by Text Message During a Meeting

1. Text messaging may be used to vote during a convened meeting when the vote requires a ballot, is requested by the group, or requested by the presiding officer.
2. For this purpose, the presiding officer shall appoint a Teller's committee to receive the votes submitted via text message, tally the votes, and report the results to the presiding officer who shall announce the results, including the number of votes cast and the number in favor of and opposed to the question.
3. If proxies are allowed, members casting votes by proxy may be required to text the vote of each proxy in a manner specified by the chair of the Teller's committee.
4. The presiding officer shall announce the time text voting will begin and when it will end.
5. The chair shall state the motion clearly before calling for the text message vote.
6. Voting time shall be announced by the president or presiding officer when text message voting is used during an in-person meeting or when some members are present, and others are in attendance by phone.
7. The chair or another member may request a text message vote be taken after debate on a motion.
